a Centrally Sponsored Scheme "Integrated Scheme of Oilseeds, Pulses, Oilpalm and Maize (ISOPOM) in 14 major pulses growing States and 15 major corn (maize) growing States for increasing the production and productivity of pulses and maize respectively. Under the scheme, financial assistance is provided for various critical inputs to the farmers through State Departments of Agriculture. In order to disseminate information on improved production technologies amongst the farmers, block demonstrations and Integrated Pest Management (IPM) demonstrations are organized through State Departments of Agriculture and Frontline Demonstrations through Indian Council of Agricultural Research (ICAR).

To increase the production and productivity of cereal crops including barley, bajra etc., the following crop production oriented programmes are implemented under the Macro Management Mode of Agriculture:—

(i) Integrated Cereals Development Programme in Rice Based Cropping System Areas (ICDP-Rice);

(ii) Integrated Cereals Development Programme in Wheat Based Cropping System Areas (ICDP-Wheat); and

(iii) Integrated Cereals Development Programme in Coarse Cereals Based Cropping System Areas (ICDP-Coarse Cereals).

Under these schemes, financial assistance is provided for seeds, propagation of improved technology, Integrated pest management, training of farmers including women, farm implements, installation of sprinkler irrigation system, etc.

All the schemes/programmes mentioned above are intended to enhance productivity of these crops.
